

Pricing Guidelines

(Revised for Fall 2023)

The following tables list suggested prices. Please note that these are only guidelines. Also keep in mind that premium brands or new items may justify a slightly higher price. As a Kids Haven Consignor, you are in control when it comes to pricing your items. And since you are not only a consignor but in most cases a shopper, a simple rule of thumb to use is, **"Would I pay this price for this item in this condition?"**
